

LET'S REACH FOR THE STARS! TOGETHER WE CAN SAVE THE WORLD

She is so
DOWN-TO-EARTH

EARTH TO HUMANS
Time is running out!

DON'T BEAT AROUND THE BUSH.
Deforestation is a catastrophe, not a predicament.

People don't just recycle in my
NECK OF THE WOODS.
They compost too.

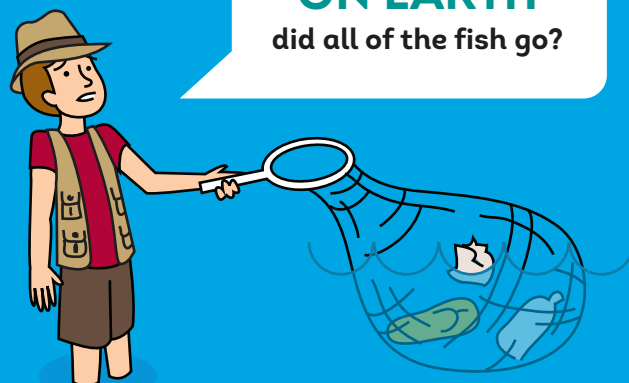

WHY ON EARTH
is there garbage all over this island?

Cruise Ships!

WHERE ON EARTH
did all of the fish go?

Banning plastic bags is just a
DROP IN THE OCEAN.
We need to ban all single-use plastic.

We're going to be
IN DEEP WATER
if they don't clean up our oceans.
